

\$15

minimum
wage

It's only fair

Prices are going up while wages stay the same. No one should work full-time and still fall below the poverty line.

Unions support advances for workers' rights that extend to all workers. That's why we support stronger health and safety laws, expanding the Canada Pension Plan/Quebec Pension Plan (CPP/QPP) and other measures that improve lives for all workers.

Only Tom Mulcair and the NDP are proposing real change with a \$15 federal minimum wage.
