

# April 28

## National Day of Mourning

Fight for the living, mourn for the dead

One is too many. More than 1,000 workers are killed every year at work in Canada. On April 28 we honour workers who have been killed, injured and made ill by work. We commit to fight for the living, to make work safer for all.

**STOP THE  
KILLING.**

**ENFORCE  
THE LAW.**
