

Long Habour Vale Workers,

Congratulations on your campaign to have a say on your future at Vale!

As employees of Vale across Canada, our five United Steelworkers Locals hope to welcome you to the table. We, as employees of Vale across Canada, know and understand that having a unified voice both in the workplace and at the bargaining table, makes our future brighter. For years the United Steelworkers has given us a voice for fair and equal treatment and made our workplaces safer for our members.

We look forward to welcoming you into the Steelworkers family.
