

ACTIONS We All Can Take for Women's Equality

Women in Union Leadership and Activism

Having more women in union leadership empowers women and strengthens our union.

A CALL TO ACTION for Steelworkers:

- Build your local union's women's committee and reach out to sisters to join in.
- Encourage your local union to fund women's committee activities.
- Support USW education programs and send women and other equity-seeking members to courses.
- Change local bylaws to have at least one woman appointed to all committees, including joint union-management committees.
- Volunteer to be a mentor to another sister.
- Support women's balance of work and family, including reimbursement for child-care and elder-care expenses while attending union events.
- Support your local union's women's committee to develop bargaining proposals to advance women's rights and lobby for feminist legislation.
