

BC Election 2017 FACTSHEET

Time for a Better BC

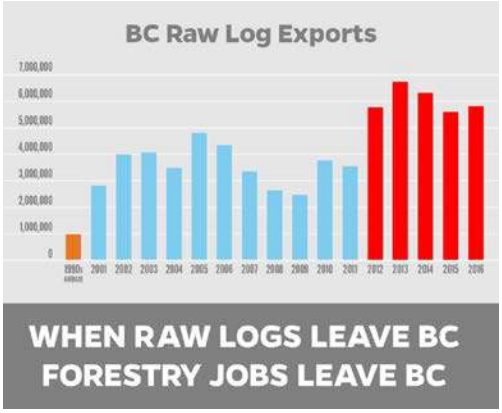

Vote for John Horgan and the BC NDP

Working Forest:

Vote For More Jobs and a Stronger Economy

Christy Clark and the BC Liberals have:

- Killed more than 35,000 forestry jobs
- Closed more than 100 sawmills while raw log exports have skyrocketed
- Abandoned our history of tying local logs to local jobs
- Replanted too few trees to ensure generations of healthy forests and communities

WE NEED A GOVERNMENT ON THE SIDE OF WORKING PEOPLE FOR A CHANGE!

LET'S SUPPORT BC'S WORKING FOREST!

Support our communities – support our workers.

John Horgan and the NDP will:

- Increase BC sawmilling and additional value-added capacity while ensuring loggers continue to work in our local communities
- Reduce raw log exports and support the more than 63,000 forestry workers and create more jobs
