

Calling all local union Women's Committees and Health & Safety Committees!

Looking for a way to educate your members about Raising the Bar on Women's Health & Safety and get them involved?

Consider hosting a workplace event: RAISING THE BAR LUNCH AND LEARN

You can find all the materials you'll need to give a short, 15-minute presentation about our new national campaign at usw.ca/RaiseTheBar

Download speaking notes, slides, a video, a handout and more!

With enough advance notice to your District Health & Safety Co-ordinator, we can send you other great materials to share.
